ABOUT US

OUR PRACTICE

We began working together during our time on the European Theatre Arts course at Rose Bruford College, where we both trained in devised theatremaking. The practice we have developed is rooted in devising through play, experimentation, collaboration, and from within an ensemble of equal voices, often incorporating elements of clown, puppetry, and movement.

HAN'S WORK IN POLAND

Han studied in Poland for 4 months at AST, a specialist puppetry school. Here she studied multiple different types of puppetry including, hand puppets, marionette, bunraku, shadow, rod puppets and much more.

PREVIOUS WORK

A Bit of a Knight

MAKING MORE WAVES FESTIVAL

Directed by Morgan Avery

A Bit of a Knight is a family puppetry show about a young boy who sets out on a quest to become a knight, inspired by the legend of Tom Thumb. It was supported as a microcommission by Looping the Loop and ARK Cliftonville.

The Pages That Whisper

ROSE BRUFORD COLLEGE

Directed by Han Louise

The Pages That Whisper was a puppetry filled fantasy piece that followed a struggling writer and his dreams to write the perfect story. It was part of Han's dissertation research into symmetry on stage and objects in the Mise-en-scène.

PREVIOUS WORK

Last Suppers

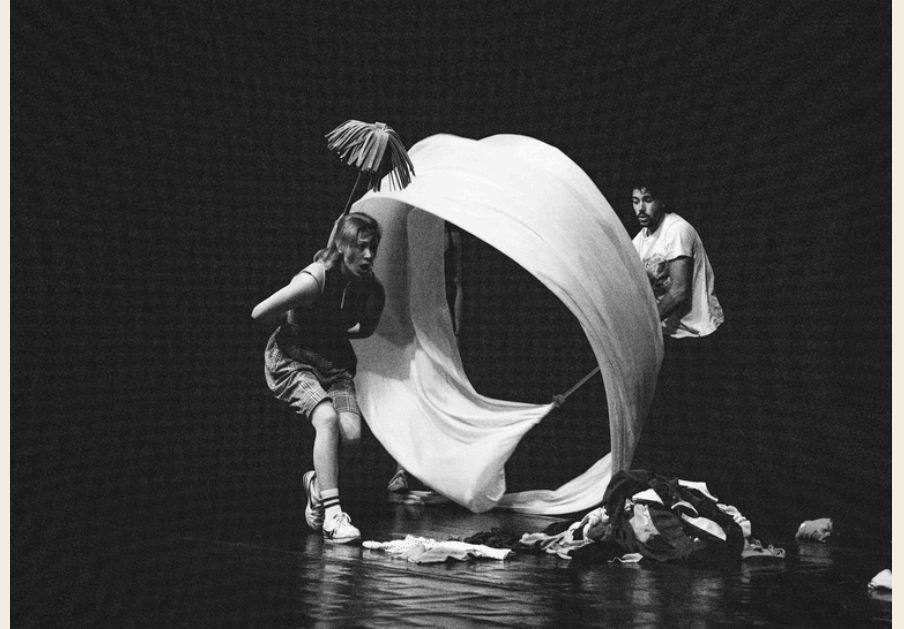

LESNES ABBEY RUINS

Directed by Kezia Cole

Devised as an ensemble, *Last Suppers* was a site-specific work marking the 500th anniversary of the Abbey's dissolution. Han designed and created the puppet for this show using natural materials, while Morgan also composed the music.

Eco 40-60

ISTROPOLITANA FESTIVAL

Directed by Cassia Rose

Eco 40-60 uses object work and play to explore physical struggle against repetitive, mundane, and ultimately impossible tasks. Han was the set and costume designer for this piece, and won Best Scenic Design for her work.

WORKSHOPS

Our recent workshops include:

ASSEMBLAGE COLLECTIVE

A workshop for young adults aged 18-30, exploring the creation of puppets from recycled and discarded materials, giving individual support to allow each attendee to create their own unique design.

Participants also created and presented their own scenes to the group.

KNAPHILL GUIDES & RANGERS

Two puppetry workshops delivered to young people between 10 and 17, covering bunraku / rod puppetry, and marionettes. We guided attendees through building their own puppets from a set template, followed by teaching the basics of movement, and ending with each group sharing back a short devised sequence.

FEEDBACK

“It was lovely, I learnt a lot about a world I would know nothing about, and a great way to have fun and upcycle.”

-WORKSHOP PARTICIPANT

“The Guides and Rangers had a great evening creating their puppets and then using them in a scene they performed to everyone. An appropriate level of challenge and lots of fun during the evening.

-GUIDE AND RANGER LEADER

“Liberating! It was just so nice to play – so important and rare. Felt really connected to my inner child. This changed my view on puppetry too. I thought it was for children but this really changed my perspective.”

Thank you!
